Side by Side Shaker

Features & Specifications

We are the oldest existing manufacturer of Side by Side Harvesters in the United States. We have used a lifetime of farming and harvesting knowledge to develop the fastest and most reliable harvesters on the market.

Our machines are very versatile and can harvest many types of trees even in the toughest conditions.

Our shaker pairs perfectly with our versatile 90° Continuous Flow L-Pan Receiver. This makes it extremely versatile for dense planting or wide spacing.
